If you have not been attending the monthly meetings you have missed some great speakers.

Our speaker last month, Julie Owens with LA Metro gave us a great update on the project metro is going forward on and some "inside information" on how the choices get made!

This month we will have another great speaker and a chance for you to get involved in our project with girls from **LAUSD** in the **iSee** program. Melanie Lee will give us an update on what we can do to make this project successful.

So----step outside the box and get involved. This is a chance for us to make a difference in the lives of girls that will be our future.

If you are a new member to NAWIC, please give us the opportunity of meeting you. If you need directions or are unsure of what NAWIC has to offer give me a call or email.

Note that Winter Conference will be the 23rd of January. The location is in Arcadia so it will be a good opportunity for our chapter to attend. It is always fun to stay at the hotel but is not mandatory so your "out of pocket" expenses can be minimal for this event. More to follow on the seminars that will be available

What else can you do? Get on this committee - Bring your friends and family and have a great day.

Day at the Races Committee – Ann Lowden

This is a fun day and a major fund raiser for our chapter. You can participate by working with Ann in organizing Day at the Races which includes make arrangements with Santa Anita, selling tickets, purchasing prizes and reporting the results to the Chapter.
